

Some member background information...

John Kraft is not your standard, "one-issue," vanilla business broker. Hardly. He has over 45 years of specialized business experience, 21 as a business broker, which he applies every day and with every client with whom he assists with either the selling or acquiring of a profitable business opportunity. John specializes in listing quality businesses with profitable owner benefits for a select group of highly qualified buyers who seek attractive candidates which match their acquisition criteria.

"John is very selective. He does not try to be all things to all people; rather, he strives to be everything to a demanding few..."
